

**TOWN OF LAKE COWICHAN
BYLAW NO. 1078-2022**

A bylaw to impose Development Cost Charges

WHEREAS pursuant to the *Local Government Act*, the Council of the Town of Lake Cowichan may, by bylaw, impose development cost charges;

AND WHEREAS development cost charges may be imposed for the purpose of providing funds to assist the municipality in paying the capital costs of providing, constructing, altering, or expanding sanitary sewer, water, drainage and roads facilities, and providing and improving park land to service directly or indirectly, the development for which the charges are imposed;

AND WHEREAS the Council of the Town of Lake Cowichan has deemed the charges imposed by this bylaw:

- (a) are not excessive in relation to the capital cost of prevailing standards of service in the municipality;
- (b) will not deter development in the municipality;
- (c) will not discourage the construction of reasonably priced housing or the provision of reasonably priced serviced land in the municipality; and
- (d) will not discourage development designed to result in a low environmental impact in the municipality;

AND WHEREAS Council has considered the charges imposed by this bylaw in relation to future land use patterns and development, the phasing of works and services and the provision of park land described in the Official Community Plan, and how development designed to result in a low environmental impact may affect the capital costs of sanitary sewer, water, drainage, and roads, and providing and improving park land;

AND WHEREAS in the opinion of the Council, the charges imposed by this Bylaw are related to capital costs attributable to projects included in the municipality's financial plan and long-term capital plans, and to capital projects consistent with the Official Community Plan.
