Subject: Proposal

Dear Mayor and Council,

I am pleased to introduce myself to you. I am a musician and an event planner. Some of my work includes stage management for the 2008 North American Indigenous Games. I have been an event planner for the Lehigh Heidelberg Cement Group and Construction Aggregates from 1987 to 2017. My recent stage management was for the Town of Lake Cowichan's 75th Anniversary. I used my contacts to obtain the rental of the Spirit Entertainment Stage used in Duncan for the games. I organized the Ryders for each of the bands that played for the 75th Ann.

I am proposing a Summer Outdoor Concert Series for the Town Square (Ts'uubaa-asatx) for the summer of 2022. These would be family friendly events consisting of three separate concert series. The dates are TBC. The first one would be for July, August, and the early part of September 2022. These concerts would consist of local and Cowichan Valley Musicians each show would have two 45-minute sets. Starting at 6PM till 8PM. I have had some discussions with CLAC

(Marnie Serka-Mooney)
B. Music Performance-Voice (UBC)
Assoc. Victoria Conservatory of Music
NATS- Professional Teachers Assoc.

CLAC is very interested in being involved with me in this project. Funding for the S.O.C.S. will come from several Government Grants. i.e. Creative BC, Factor Canada, Music BC to name a few. I have someone who is a grant writer that can assist me in obtaining funds for sound equipment and a sound technician and to help fund the musicians who will play.

This will be a free family event by donation only. Food trucks, Gelato, and non-alcoholic beverages would contribute to the costs of bringing this event to the Town of Lake Cowichan. I think that surrounding businesses would also benefit from the Summer Outdoor Concert Series. (S.O.C.S)

Best Regards to you all
