June 17, 2021

To The Town of Lake Cowichan Mayor & Council

As we approach awards season at Lake Cowichan School, we are looking to update some of the awards we offer and create some new ones that more closely reflect our students and the courses we offer.

One of the courses that we are proud to run is Social Justice 12. Next year, we actually have two classes running of the program due to the demand of students. Due to the increased interest in this course, we are hoping to award a plaque to honour the top Social Justice 12 student each year. This award would be based on contribution to the class and community, as well as the creation of an outstanding action plan.

We are reaching out to our local town council to see if they would be interested in sponsoring this award by purchasing a plaque or trophy and the plates to be engraved, as well as naming the award. This award will be presented for the first time in June of 2022.

Thank you for taking the time to consider this request. Please feel free to contact me if you have any questions.

Sincerely

Noni Battye
Teacher, Grad Co-ordinator, Community Liaison
