To: Bylaw Enforcement
Town of Lake Cowichan
39 South Shore Road
Lake Cowichan BC V0R 2G0

To whom it may concern,

We are writing to you as the owners of 291 North Shore Road, with respect to the notice of illegal chattels on town park land in front of our property. We have recently regained our house from renters, and we have found there was a railing installed for safer access. We have always been respectful stewards of the town property and know that chattels and development on public land is not permitted. We will remove the railing immediately.

With regards to our dock, it not adhering to the foreshore or infringing on town land. This has been clarified many times in the past. Any attempt at removal of our dock will lead us to pursue immediate legal action.

Signed,

Dawn Macfarlane
