---

## Progress of Maintenance Works:

The following is the work that has been completed or is in progress

- Four new water services have been installed on Boundary road.
- Several water service repairs completed.
- Flushing of Sanitary Mains 90 % completed.
- The catch basin and culvert inlet and outlet cleaning program is approximately 85% complete.
- There some more new potholes around town with 70 % repaired.
- Sanitary pump station annual, maintenance
- We are waiting on the Columbarium sign to arrive, and be installed
- At the Raw water pump station, there are still a few items that need to be upgraded to meet BC Hydro requirements.
- Contract to repair boom sticks around the town raw water intake has been awarded and work is to proceed soon, contractor to provide update on timing.
- There are some danger trees need to be removed around town, these trees could cause infrastructure damage.
- The Town equipment has been prepared for winter - snow plows have been installed sanders and salting equipment installed .
