From: Superintendent, Public Works and Engineering Services

Bus Pull Over

The Town made application for a Grant through Transit Minor Betterments Funding for improvements to the bus stop on Cowichan Lake Road across the road from the Country Grocer.

The Grant was approved last week in the amount of \$ 100,000 and we have the approval to proceed with the project.

The project will consist of widening the road to allow the buses to Pull off the Road and not holding up traffic.

There will be a new bus shelter installed in this location, making it much more user friendly and safer.

A consultant has been retained for the design work required by the Ministry .

We also plan on cleaning up the rest of the lot behind the new Bus pull over. This will be dependent on the budget.
