To Mayor and Council:

Re: Parking in front of Cowichan Lake Community Services

Cowichan Lake Community Services has seen an influx of people wanting to park in front of our building, in particular during tubing season. We would like to ask that a sign be made and erected to say 'No Parking during our opening hours of 8 am until 5 pm Monday-Friday'. The 'No Parking' signs perhaps could be put between the 2 driveways on Point Ideal in front of our building. Could we also request that the curb be painted? We have clients that require Red Cross equipment and, in this building, we assist seniors and those with disabilities., making it difficult to access our services with no parking spaces in front of our building.

Thank you for your consideration.

Sincerely,

Melaina Patenaude
Executive Director
Cowichan Lake Community Services
