Details of the complaint (please use additional paper if required): *Black bear in neighborhood. Conservation officer was called and said it was the municipality's responsibility to deal with the problem. Weekend Oct 8/9/22 a neighbor had a large black bear climb the fence and charged his dog. Fence damaged. Vacant lots are growing over with trees & blackberries that provide cover for black bear, which are seen every day in the neighborhood. Why are the owners of these vacant lots not required to clear same; if not, why doesn't the municipality clear same & bill back the owner? Small kids, pets*

For Office Use

Passed to Bylaw Officer: *are even more vulnerable. Many calls in the past with no response. I see law suits*

Report Outcome:

*if someone gets attacked & injured, or killed - read the news articles!*
