

Charleigh's Way

Hello Council member's and Mayor,

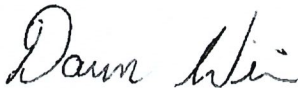

I would like to put a heritage street sign up on Wilson rd. I would like the sign to say Charleigh's Way.

Charleigh is a 9-year-old girl who was diagnosed with Battens Disease. This Disease has stolen this little girl's life. We do not know how much time she has left, but she is a fighter.

Wilson road is the street that her grandparents live on, and her mother grew up on. Charleigh has spent lots of time at her grandparent's house over the years. The sign would be a tribute to this beautiful little girl.

As we come to celebrate her 9th birthday it's a reminder that we do not know how many more she will have. Battens Disease is ruthless and has show this beautiful girl and her family that it has no Mersey.

Deepest regards,

Dawn Williams
