Re: Expansion of the Lake Cowichan Community Garden – Stone Ave.

Dear Honorable Mayor and Council members

On behalf of the Lake Cowichan Community Garden Board of Directors, I am requesting your approval to expand our garden by 12 ft x 125 ft on the South West border of the existing garden. We would be responsible for all costs associated with relocating the fence.

Over the past two years our membership has grown and this past spring/summer we increased our plots by installing 10 new plots that are accessible to those requiring taller boxes for access. We also significantly increased our community donation spaces and have provided the Community Service agencies and Seniors Centre with over 600 lbs of our locally grown produce.

We again have a wait list for new members and we will only see the garden grow as we are able to meet demand for space.

We do hope you will be able to look favorably to our request.

Sincerely,

Lorna Morrison, President
