

Attention Council;

October 16 , 2024

With our planned replacement of Tender 8 in 2027 we have accepted a RFP from Fort Garry Fire Trucks to deliver replacement in early 2027. Total replacement cost is \$710,000.00 before taxes, we have budgeted \$200,000.00 in 2025 to pay for chassis that may be delivered to factory by end of 2025. The funds are all expected to come from reserve funds.

Doug Knott
Fire Chief

A handwritten signature in blue ink, appearing to read "Doug Knott", is written over the typed name and title.
