Hi Joe,

We would like to put forward a suggestion that a walking path from The Slopes to the town for the residents in The Slopes. Would it be possible to put a trail through on the side of Brookside? We know it would be a lot safer than walking on the Youbou Highway to Neva Road. Youbou highway is getting busier all the time and even more so in the summer months. There are now 73 lots, most have houses and 18 new lots currently being built out. This is a total of 91 residential lots. Many of the residents in The Slopes would benefit from this pathway.

We would appreciate if you would consider this request.

Thank you.

Elaine & Wayne Winter

Cc: Mayor, Bob Day
